

Earl 1

EARL

Mr. Harrelson, let me see if I understand this: This execution of our chief executive was a botched job by inexperienced CIA operatives.

CHARLIE

Pretty much nailed it sir. That is about the size of it.

EARL

Representative Ford has a question. Why did you choose not to accompany Mr. Oswald to The Texan Theatre?

CHARLIE

Things had so gotten so fucked up by then.

EARL

Normally I would not allow that language in here, but it's the most accurate description of these events.

CHARLIE

Thanks. I needed to go the one man who could help me out this jam. What we would call a fixer.

EARL

Please describe what a fixer does.

CHARLIE

He provides our weapons, finances our trips to Dallas and in the event of a disaster he's supposed to, you know, fix things.

EARL

What was the name of this fixer?

CHARLIE

C'mon. It was Jack Ruby.

EARL

For the record, Mr. Harrelson.

CHARLIE

Jack Ruby, the owner of The Carousel Club and The Skylight Lounge.

EARL

Your Fixer was a nightclub owner.

CHARLIE

Oh, no. Jack was a pimp.

EARL

A pimp. So you are telling this
commission that this entire operation was financed on the
backs of the prostitutes of the Dallas Fort Worth
Metroplex.
