

MARSHA 3

Ooooh. You have a problem with singles. Or. George Washington? Oh, my. Washington? Or! You have a pedestal. A barrel. Or a something you have me over? That must give you some relief in moments when tension should break. If it were Lincolns I wonder what your speedbump would be. Age? Color? Did we go to high school together? Singles, yes, singles. I am paying you. In singles. To look at me. Do you just hate your job? Or do you just love it? Are you happy? I mean, if you are happy you gotta share that. You are happy, haven't you seen "Singing In The Rain?" Or unhappy? Or this makes you happy? Or less unhappy? Or maybe we should get happy? Let's get happy. Doctor, let's get 'em all happy!
